

BELGIANS SUCCESSFUL IN A MAD STRUGGLE

HERMAN ZADIG MORE OPTIMISTIC THAN EVER OVER THE OUTLOOK FOR TONOPAH

Herman Zadig, the veteran mine maker and stock broker, visited Tonopah yesterday to look at the new developments in Rescue, the prospect in the North Star, as well as to inspect the Umatilla, Tonopah Bonanza mine and other properties in which he is heavily interested. When asked what he thought of the prospect for silver and the future of Tonopah, he said:

"I have always maintained that as soon as the war is over there will be a great demand for silver. My reason is that the European nations are issuing I. O. U. bills all the time which sooner or later they must make good. People will some day inquire what security is back of these bills. The governments will have to fall back on silver to show that something is back of their I. O. U."

"I believe that the governments in Europe will be delighted to take up this proposition of the United States and perhaps give an excuse that they are doing it to satisfy the United States to whom they will be indebted to a great extent by the time the war is ended.

"I believe the bankers have found out that the biggest mistake they ever made was to place India on a gold basis. A vast amount of gold has disappeared in India since that time and for that reason. In fact some time ago a commission was ap-

WORK BEGINS ON THE GREAT BEND

HEADFRAME BEING INSTALLED
AND FOUNDATION LAID FOR
COMPRESSOR

(Special to the Bonanza.)

GOLDFIELD, April 26.—Substantial constructive work began on the Goldfield Great Bend group today when Superintendent Jack Campbell began erecting a headframe and laying the foundations for the compressor, engine and pump, with the intention of installing an electric hoist and establishing the new main working shaft on the Great Bend No. 2 claim on the south side of the estate. The hoist is now being transferred from the old incline shaft to the vertical shaft No. 2. As soon as the installation is complete the business of unwatering the property will begin by using a bailer.

Shaft No. 2 is down 400 feet and most advantageously situated for unwatering the whole group and exploring the most promising section. The bailing process will be followed for a short time only until the arrival of a compressor which has been contracted for by Engineer Turner to handle the Cameron sinking pump which is on the ground awaiting the appearance of the compressor. The latter part of the new equipment was ordered last week when the management hoped to secure it from stock, but, after inquiry, it was found that the order would have to be sent east before it could be filled. Manager Sprague is intent on making headway as fast as possible and therefore adopted bailing as a temporary expedient to reduce the water in the workings.

CHARGED WITH VIOLATING SHERMAN TRUST LAW

(By Associated Press.)
NEW YORK, April 27.—The leading vaudeville booking agencies were today made defendants in two Sherman lawsuits for \$500,000 filed in the federal court, on conspiracy charges for their refusal to book certain acts. Charles Bornhouth, Clifford Fischer, theatrical agencies here, and in London and Paris, are the plaintiffs.

IN HONOR OF JOHNNY BUNNY

The Bonanza was telephoned several times today as to the reason for the flag over the Butler theater being at half mast. Proprietor Jules Smith says that it is in respect to the memory of the late John Bun, the man who made millions laugh.

Tonopah M. Co. Ships Bullion

• The Tonopah Mining company •
• of Nevada has forwarded from •
• its reduction plant at Millers •
• 35 bars of bullion, the result of •
• a ten day run. The gross value •
• is estimated at \$39,000.

RUMORS THAT SUIT HAS BEEN WITHDRAWN

TONOPAH MINING AND EXTEN-
SION SAID TO HAVE SETTLED
THEIR DIFFICULTY

A rumor was scattered broadcast early this morning that the Tonopah Mining Company of Nevada and the Tonopah Extension Mining company have amicably adjusted their side line difficulties and that the litigation recently instituted will be withdrawn. People in a position to know most about the case disclaimed any positive knowledge, but stated that it was probably a correct rumor emanating from the east. The fact that there was a little movement in these securities bore out the supposition that this news had been discounted several days ago by those who make a close study of the market and of the conditions which govern it.

CACTUS SPRINGS REPORTS STRIKE

BODY OF RICH ORE FOUND IN
LINCOLN CONSOLIDATED
PROPERTY

The Cactus Springs district, 25 miles east of Goldfield, is likely to again come into prominence as the result of developments on the Lincoln Consolidated company's property during the past few months, says the Goldfield Tribune. Little has been heard of the district for several years and mining men had come to regard it as possessing only deposits of low-grade ore, or an enrichment too erratic to command attention. Superintendent Albert Tait of the Lincoln Consolidated property has been in Goldfield, bringing a number of sacks of rich gold-silver-copper ore, which he has shipped to officers of the company at San Francisco for reduction tests.

This ore was exposed in a winze that has been sunk to a depth of 80 feet from the company's main tunnel, which has been driven into the mountain a distance of over 500 feet. The winze is 265 feet from the portal of the tunnel and at this point is at a depth from the surface of about 200 feet.

A LITTLE MONEY LEFT

This office of the National Realty and Investment company was stormed yesterday afternoon by the holders of time slips issued on good roads day. About \$500 was drawn from the bank and all were paid off. There is a little money left and it will be employed by the Nye County Good Roads association on further betterments of the highways.

SHORTAGE OF FOOD

(By Associated Press.)
ROME, April 27.—Eighty-seven more arrests for demonstrations resulting from the shortage of food are reported from Trieste.

THREE SUCCESSIVE ATTACKS BY THE GERMANS NEAR DIXMUDE REPULSED AND CAPTURED CITY LIZERNE RETAKEN

(By Associated Press.)
LONDON, April 27.—The Belgians, again in the midst of a furious struggle, are reported to have repulsed three successive attacks by the Germans near Dixmude in the great battle now under way in Flanders. The activity yesterday was along the entire section of the front held by the Belgians. Lizerne, the storm center of the battle, was again taken from the Germans. An admiralty order has released the Noordam and the steamer proceeded to Rotterdam. The Noordam has aboard the American delegates to the Peace Congress at The Hague. It was delayed on account of the embargo by the British on traffic in the North Sea.

The Grimsby trawler Recollo was blown up in the North Sea. Several of the crew are missing. The English, hoping that the violent phase of the German offensive along the Yser has been witnessed, are turning their attention to the Dardanelles where the landing of troops is under way. Russia is lending cooperation and is bombarding the Bosphorus. The Turkish battleships made a feeble reply. The Swedish steamer Centric was sunk by a mine off the Aland Islands, but the crew was saved. A clockwork bomb was found in the offices of the ministry of war at Constantinople, according to a dispatch. It had been timed to explode at the hour when the council was in session.

ITALY READY FOR IMPORTANT DECISION

(By Associated Press.)
ROME, April 27.—The Italian ambassadors at Paris, London, Vienna and Berlin have been summoned to Rome to confer with Foreign Minister Sonnino. This action is regarded as preliminary to the announcement of a grave and important decision on the part of Italy. Ambassador Tittoni has arrived. He departed for Paris only a fortnight ago. Ambassador Carliotti of Petrograd did not come, owing to the distance and the difficulties of travel. A messenger was sent with instructions.

SEAMAN'S BILL IS IN JAPAN'S FAVOR

INTEGRITY OF CHINA ENDAN-
GERED BY DEMAND OF THE
NIPPONESE

(By Associated Press.)
HONOLULU, April 27.—Robert Dollar, president of the Dollar Steamship company, who arrived from the Orient scored the seaman's bill recently passed by congress. He said that at a meeting of the shipowners at Tokyo, the new law was described as a realization of the dream of years of giving the Japanese control of shipping on the Pacific. Two Dollar steamers, recently transferred to American registry, will be retransferred to British and Chinese. Regarding negotiations between China and Japan, he said the Japanese demands were confiscatory. China is facing a crisis, and it is the duty of the United States to see that the integrity of China is preserved.

SMOKER TO BE GIVEN FOR THE EAGLES ONLY

Smokers, entertainments and social functions will come and go, but the smoker that will be given by the Eagles next Friday evening will set a new pace. At frequent intervals there will be vocal and instrumental music and storytelling, while eatables, drinkables and smokables will be served constantly. All Eagles, whether local members or visitors, are requested to attend.

SOCIALISTS WILL GIVE BALL

The local Socialists are making extensive preparations for the annual May Day ball, which will be given on the evening of April 30 and continue until after midnight—till sunrise if the people desire. The event will take place in Miners' Exchange hall. The committee on arrangements will later announce the features of the party.

FIGHTERS GO INTO TRAINING

Bobbie Trudgen left this morning for Darrrough's hot springs to go into training for his fight on the evening of Friday, May 14, in the Airborne in this city. His antagonist, Smith of Goldfield, is being trained by Fields in his own home town, where he is said to be a regular devil, having knocked out Duffy in his latest fight there.

ANNUAL BALL BY TONOPAH LODGE OF ELKS AN UNQUALIFIED SOCIAL SUCCESS

Pleasing and picturesque was the dance given by the Elks last evening at Miners' Exchange hall. There have been others, there have been larger parties given, yet, in the annals of Elkdom, there is certainly none which can outrank the atmosphere of gaiety, comfort, and spontaneous enjoyment which characterized the evening. The ladies were well arrayed. The tout ensemble of the dancing was a harmonious note of color.

The march was led by Mr. and Mrs. Harry Atkinson. The costumes noted follow:

Atkinson, Harry Mrs.—Embroidered chiffon over shadow lace, shrouding girdle of pink satin, Rhinestone plastron and crystal bugle trimming, butterfly in back of corsage of brocaded chiffon, accentuating drapery of shadow lace fly-away.

McCrack, R. E. Miss—Moonlight blue of chiffon taffeta, silver garnitures and silver roses.

Keenan, A. H. Mrs.—D'Alencon white lace, ruffled to waist and swathing around figure of light blue satin.

TEN MILLIONS TO PENSION MINISTERS

PLAN TO PROVIDE VAST SUM
FOR OLD PREACHERS AND
THEIR FAMILIES

(By Associated Press.)
CHICAGO, April 27.—Plans to raise \$10,000,000 to provide pensions for retired Methodist ministers and their widows and orphans, were outlined today at the national convention of bishops, a conference of representatives of the Methodist Episcopal Church. The plan includes the establishment of a retiring annuity based on the number of years of service.

GOVERNOR OF CALIFORNIA SIGNS CONVICT BILL

(By Associated Press.)
SACRAMENTO, April 27.—Governor Johnson today signed the Meek convict labor bill, permitting prisoners in the penitentiaries of the state to build state highways. Apprehension that free labor will be affected is groundless, said the governor in a statement.

RUSSIANS HAVE BEGUN AN OFFENSIVE MOVEMENT

(By Associated Press.)
GENEVA, April 27.—The Russians today began another offensive movement around the heights of Uzsook Pass, in the Carpathians, according to a dispatch. The Austro-German casualties for two days were 20,000. Melting snow has hindered the Russians from advancing between Stry and Matamoros.

ROOSEVELT REPLIES TO INSINUATION

TOLD BOSS PLATT THAT HIS
REQUEST CAME TOO
LATE

(By Associated Press.)
SYRACUSE, April 27.—A telegram in which Senator Platt urged Colonel Roosevelt to sign a bill exempting from the franchise tax bill grade crossings of railroads, saying, "Our friends of the New York Central and Senator Depew were anxious," was read on the sixth day Roosevelt has been on the stand in the Barnes libel suit. Replying, the Colonel wrote Platt that he had received the telegram "too late."

STICK OF DYNAMITE UNDER FAIR BUILDING

(By Associated Press.)
SAN FRANCISCO, April 27.—A stick of dynamite was found under the California building at the Panama-Pacific exposition today beneath the display of gold nuggets from Tuolumne county, valued at \$20,000. Above the place where the dynamite was found a small hole had been pierced through the floor of the building.

THROWN FROM MACHINE AND SKULL FRACTURED

(By Associated Press.)
SAN FRANCISCO, April 27.—Walter Pomeroy, the long distance swimmer, is unconscious and his skull is fractured. He was thrown from an automobile he had just purchased, last night in Golden Gate Park.
